Dear Sir:

For some reason we have not received your latest auction catalogues and I am writing to ask that you kindly place our Library on your mailing list. I do this notwithstanding the fact that we may not be in a position to send you bids directly for pieces which you may offer for sale, but because here in our Library these catalogues are filed for reference and often referred to by our members either before or after the sale. The last number werreceived was dated 1921.

With cordial appreciation of past courtesies, I am

Very trulyyyours,

Secretary
